Burgers will be cooked and transported to the space in commercial “hot boxes” ensuring the burgers are hot and juicy even in your office! The bread and meat are held in hot chafing dishes kept continually hot for up to 2hrs for a self-serve burger bar. Hamburgers, Cheeseburgers, and Bacon Cheeseburgers are provided with a self-serve “Toppings Bar” including lettuce, tomato, onion, pickles, mayo, mustard, and ketchup.

Customer provides the serving tables and Liberty Burger will bring the rest. Liberty Burger will pick up the supplies the morning following the event between 8-10am.

Special Requests:

Burger Box Drop Off

This catering format is perfect for an office setting where the environment is “grab-and-go”. Only full-sized burgers and homemade potato chips are available for the Burger Box Drop off.

There is no cooking equipment required and not central serving tables to get the job done. You place your order for the number of Hamburgers, Cheeseburgers, and Bacon Cheeseburgers you would like and we deliver them in our Tree-free to go boxes with individualized side containers of toppings and mayo/mustard packets. This gives the guest the same level of freedom in building the burger they want, without the extra tear down and clean up.
