BURGER BOX DROP OFF \$10.5

This catering format is perfect for an office setting where the environment is "grab-and-go". Only full-sized burgers and homemade potato chips are available for the Burger Box Drop off.

You place your order for the number of hamburgers needed and we deliver them in our Tree-free to go boxes with individualized side containers of toppings and mayo/mustard packets. This gives the guest the same level of freedom in building the burger they want, without the extra tear down and clean up.

BURGER BAR \$10.5

This self-serve style is great for office parties, corporate lunches, and indoor parties. Choose between full-sized patties or 2oz sliders, both of which come with our homemade potato chips. Skinny fries are not available in this package format.

Burgers will be cooked and transported to the space in commercial "hot bags" ensuring the burgers are hot and juicy upon arrival! The bread and meat are held in hot disposable chafing dishes kept continually hot for up to 2hrs for a self-serve burger bar. A self-serve "Toppings Bar" with American Cheese, lettuce, tomato, onion, pickles, mayo, mustard, and ketchup is included.

Customer provides the serving tables and Liberty Burger will bring the rest.

LIBERTY[®]
BURGER

We are family-owned and Texas-grown, and that's how we operate. We not only strive to reinvent the all-American concept of the hamburger, but we pledge to be a restaurant with high-quality food, social contribution, and environmental responsibility. We believe in doing things right: sourcing the freshest and highest quality product, finding local bakeries that use only American-grown ingredients, and ensuring that our meats come from responsible sources

No, it's not the easiest way to run a restaurant, but it is the right way – and that's what we are committed to doing. Call us crazy, but Liberty Burger has goals far above the “bottom line.” We hold our values close to our heart and pride ourselves on quality, community, and service. From the beef to the beer to the beverages, Liberty Burger strives to use only family-owned and Texas-grown products and services.

We believe in supporting the communities that support us, and we are thankful for all of your support.
